ORIGIN OF CONFERENCE OF CATHOLIC COLLEGES OF KARNATAKA (CCCC)

was on the steps of Vidhana Soudha, Bengaluru that CCCC was born on 16th October 1977. Rev. Fr. Ignatius Pittor and Rev. Fr. Dennis Nereima, Jocanan Secretaries for Education, Bengaluru and Mysore, respectively, were on their way back, distraught from the office of the Education Secretary along with the Advocate J.A. Soiquira after presenting a memorandum. The memorandum was a plea to delete certain clauses in an agreement between the Government of Karnataka and the Private College Management for the direct payment of salaries to the staff. The demand was never conceded by the government but the CCCC got its head start on a purposeful note. It then formulated its Aims & Objectives:

- To foster fellowship among all the Catholic Colleges of Karnataka and promote their common interests
- To discuss topics of mutual interest and take appropriate action to implement the conclusions arrived at
- To safeguard and redress the rights conferred upon Catholic Colleges under Article 30 of the Constitution as a religious minority and to take concerted action wherever necessary

BACKGROUND

As Christians as a minority community have played an extensive role in the growth and development of higher education before and after independence. As the new education policy is being anticipated it is essential that the community responds positively to the evolution of the

policy through adequate judgement, analysis and recommendation on the draft, National Policy on Education (NPE)-2016

The draft NPE 2016, envisaged by the Ministry of Human resources and Development (MHRD), with respect to the preamble, methodology, analysis and recommendations aims at improving the state of education in the country. This initiative of the MHRD though focuses at one changes in the education sector, it draws our attention from responsible constituents (segments) of the society especially the minorities. Hence it is essential that they respond and communicate their aspirations in this process of nation building and for the cause of education in general. The CCCC National workshop on the National Policy on Education (NPE)-2016 – Prospects and Aspirations is called to discuss, debate and draw up a response and to make a representation to the MHRD before the NPE 2016 is finally evolved and officially drafted.

OBJECTIVES OF THE WORKSHOP
